Euroweld

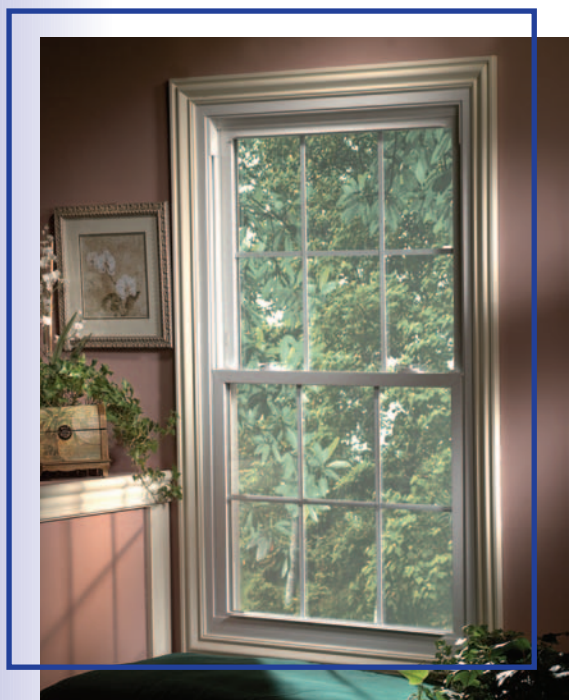

Double Hung

Ultimate
Windows, Inc.

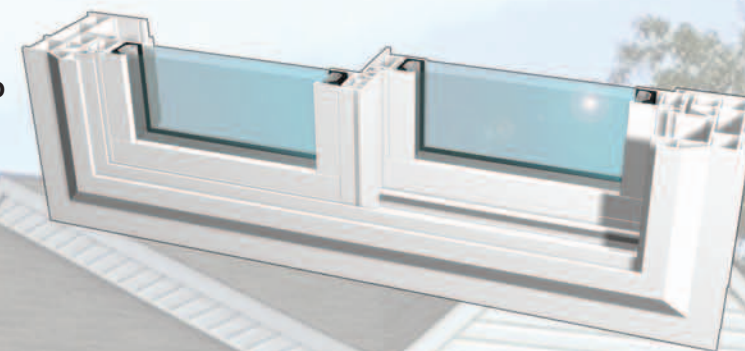

The fully welded Euroweld Double Hung Window is designed to meet the demands of the most informed buyer. It represents the state of the art in today's advanced technology. It is manufactured with the highest quality, heavy duty vinyl extrusions for extreme durability and weather resistance.

 **Ultimate Windows, Inc.**

Featuring an all welded frame and sash the Euro Slider is designed and built to last. Made of high quality solid vinyl material it will not peel, pit, or rot. The Euro Slider will provide you a lifetime of carefree maintenance. The Euro window is custom made to fit your needs. It can be made as a replacement window or as a new construction window, with a nailing fin and J-Channel for new construction applications. Each sash comes with two brass rollers for easy operation. The vinyl construction makes cleaning quick and easy with common household cleaners.
